**OMS**  
YOUR DENTAL UNITNESS

# Virtuosus Plus 2020

The new Virtuosus Plus 2020 , with a completely updated design and all its features that have made it one of the most popular OMS dental units, a perfect likeness of advanced technology, Italian design and perfect ergonomics tips : floor-standing cuspidor column featuring a swivelling and removable user-friendly ceramic bowl, can be set to all OMS floor-standing chair models. Doctor console mounted on a perfect balanced arm, houses up to 5 instruments with S.P.R.I.D.O. technology, giving a great freedom of movements: its symmetric shape allows dentist and/ or assistant to carry out all health care operations. Furthermore, no-grove and smooth surfaces allow a quick and effective cleaning. Assistant console on auto balance arm houses 2 suction tubes plus 2 free housing with a large tray on the top. It can also be equipped with excellent infection control systems.

NEW  
4.0

+ S.P.R.I.D.O. Technology with reduced hight overall dimensions and long hose extension. Operator handle and assistant handle removable and autoclavable

+ Ergonomic assistant console, with keyboard and a large support plane on the top

+ Wide support plane on the top made of easily sanitizable material

+ Ceramic bowl swivelling towards sitting patient. It can be easily removed for hygienic cleansing

+ Symmetric and ergonomic doctor console, with new keyboard and user-friendly display

 Floor-standing cuspidor column and floor-standing chair

 All-Around doctor console with S.P.R.I.D.O. technology

 All OMS model chairs

+ Greatest Ergonomy and Flexibility
